Students Clean Section of Creek

The sixth grade students at Antioch Upper Grade School, after learning of village plans to clean Sequoit Creek, decided to spend an afternoon cleaning their section of the creek.

The students, led by Mr. Wayne Ochwat and Mr. Michael Teeley, spent last Saturday dragging out more than a truckload of debris which had clogged the creek. They also collected many bags of litter which had been deposited on the banks.

The students organized the project to help protect the natural features of the creek. The creek is part of a natural study area which many of them have been working on for the past month as part of their science classes.

Flood Insurance Available Here

The U.S. Department of Housing and Urban Development (HUD) has announced today that Antioch has been accepted into the National Flood Insurance program.

This means, said Federal Insurance Administrator Robert Hunter, that individual

property owners here are now eligible to buy flood insurance protection at affordable federally-subsidized rates, offering more extensive coverage under the expanded program authorized by the 1973 Flood Disaster

ACHS Spring Concert Saturday

DIRECTOR JOHN OLISAR rehearses with Antioch High School bands for their spring concert Saturday, 7:30 p.m., in the school auditorium. Tickets are available from band members and will be sold at the door. They cost \$1.50 for adults and 75 cents for students. All four bands will perform: the concert band, the jazz ensemble, the beginning band and the symphonic band. "We're playing some of the

numbers we played at the state contest where we won a first place award," Olisar said. They include music from "Oliver," and French follies themes from Offenbach. In conjunction with the Bicentennial celebration, the high school musicians will present an American salute based on the theme, "When Johnny Comes Marching Home."

Flood Insurance

Protection Act.

"We think the new, expanded National Flood Insurance Program offers the best way of protecting property owners from the ravages of floods, while easing the burden on the general public," he said.

"Since flood insurance is now available," he added, "the law requires that it must be purchased by owners of property in areas identified as flood-prone by HUD, in order to be eligible for virtually all forms of federal or federally-related financial assistance for building purposes in those areas," Hunter said.

"This would include FHA or VA mortgages, loans from the Small Business Administration, or loans from any federally-regulated or supervised banks and savings and loan institutions," he said.

Under the expanded program, broader coverage can be obtained for all buildings and their contents. The limit of insurance for single-family homes is now \$35,000, and \$100,000 for other residential and nonresidential buildings, at the subsidized rate of 25 cents

per \$100 of coverage. The rate goes to 40 cents per \$100 for non-residential buildings.

The contents of all residential buildings can be insured up to \$10,000 per unit at 35 cents per \$100 of coverage, and the rate goes to 75 cents per \$100 for the contents of all nonresidential structures, up to a maximum of \$100,000 in coverage per unit.

The policies can be purchased from any licensed local property insurance agent or broker. The State Farm Fire & Casualty Co., 2309 E. Oakland Ave., Bloomington, 61701, has been designated as the flood insurance servicing company for this area. Agents and brokers may obtain policy

forms, rates, flood insurance manuals, and any other necessary information from this company.

The FIA, Hunter explained, is in the process of publishing maps showing the special flood hazard areas in approximately 20,000 communities across the country. He congratulated the local governing body here for taking action before the July 1.

LAKE COUNTY'S unincorporated areas have been eligible for flood insurance since Apr. 4. The deadline for applying is July 1, township supervisor Lloyd (Red) Murrie said.

COMMENTS...

Reforming the Record

The Congressional Record is a disgrace to Congress and should be reformed.

The most obvious abuse is the insertion in the printed record of personal reelection campaign material. Robert F. Drinan, D-Mass., recently had his entire voting record for 1974 printed in the Record, using 22 pages at a cost of \$278 per page. That's \$6,116 of the taxpayers' money.

This is a time-honored congressional prerogative but it should be curbed.

More important, the Congressional Record should be purged of extraneous matter including "speeches" never delivered (one by Hale Boggs was printed two days after his death in an Alaskan

plane crash), newspaper editorials and articles, press releases and other miscellany. Such items now make the Record a confused collection.

The printed record should be an actual record of oral proceedings in the chamber. All extraneous printed or written matter should be printed, if worth printing, in a separate appendix.

Some bunkum and disorder is indigenous to democracy, can't be helped and may in fact be healthy. But the Congressional Record as now constituted carries this confusion principle to a deplorable extreme.

(Mr. Congressman, please don't reprint this in the Record.)

Trouble in bunnyland

Playboy is in trouble. This may not seem like big news, but we are willing to seek significance anywhere.

Hugh Hefner has given himself a 25 per cent salary cut. The company is losing money. It has launched a \$6 million annual cost-cutting program. Hefner's plush black jet is being leased.

Such things are happening throughout the business world. So it is not entirely clear that the Playboy case is unique.

But consider. Hefner's hedonism has been proclaimed ad nauseam as a philosophy of life. By 1972, when its stock sold for

more than \$25 a share, Playboy and its philosophy were widely assumed to be the summum bonum of Americana. Hefner had tapped the mood and tastes of the emancipated world.

Things have not been going so well lately. The stock dropped as low as \$4 a share. A narcotics probe struck at the heart of the Hefner menage. His executive secretary, sentenced in a drug case, committed suicide.

To some people the Hefner hedonism began to seem shallow and brittle. Maybe Playboy didn't say it for America after all.

Maybe somebody is growing up.

Offer Camping For Blind Children

The Lions Club of Illinois is extending an invitation to all blind and visually handicapped boys and girls, ages 8 through 18, to attend camp this summer. The first session will be July 27

to Aug. 8 and the second session Aug. 10 to Aug. 22.

The camp site is on Hastings Lake, Lake Villa, and offers the children two weeks of outdoor activities, including swimming

in an Olympic-size heated pool.

The camp also offers boating, fishing, nature lore, hiking, handicraft, Indian lore, campfires, talent night and singing. Children who possess a musical talent help furnish the entertainment.

Each cabin is assigned counselors experienced in working with blind and visually handicapped. Each unit is composed of five to seven children.

Persons seeking further information can call the Camp Registrar (312)383-9505.

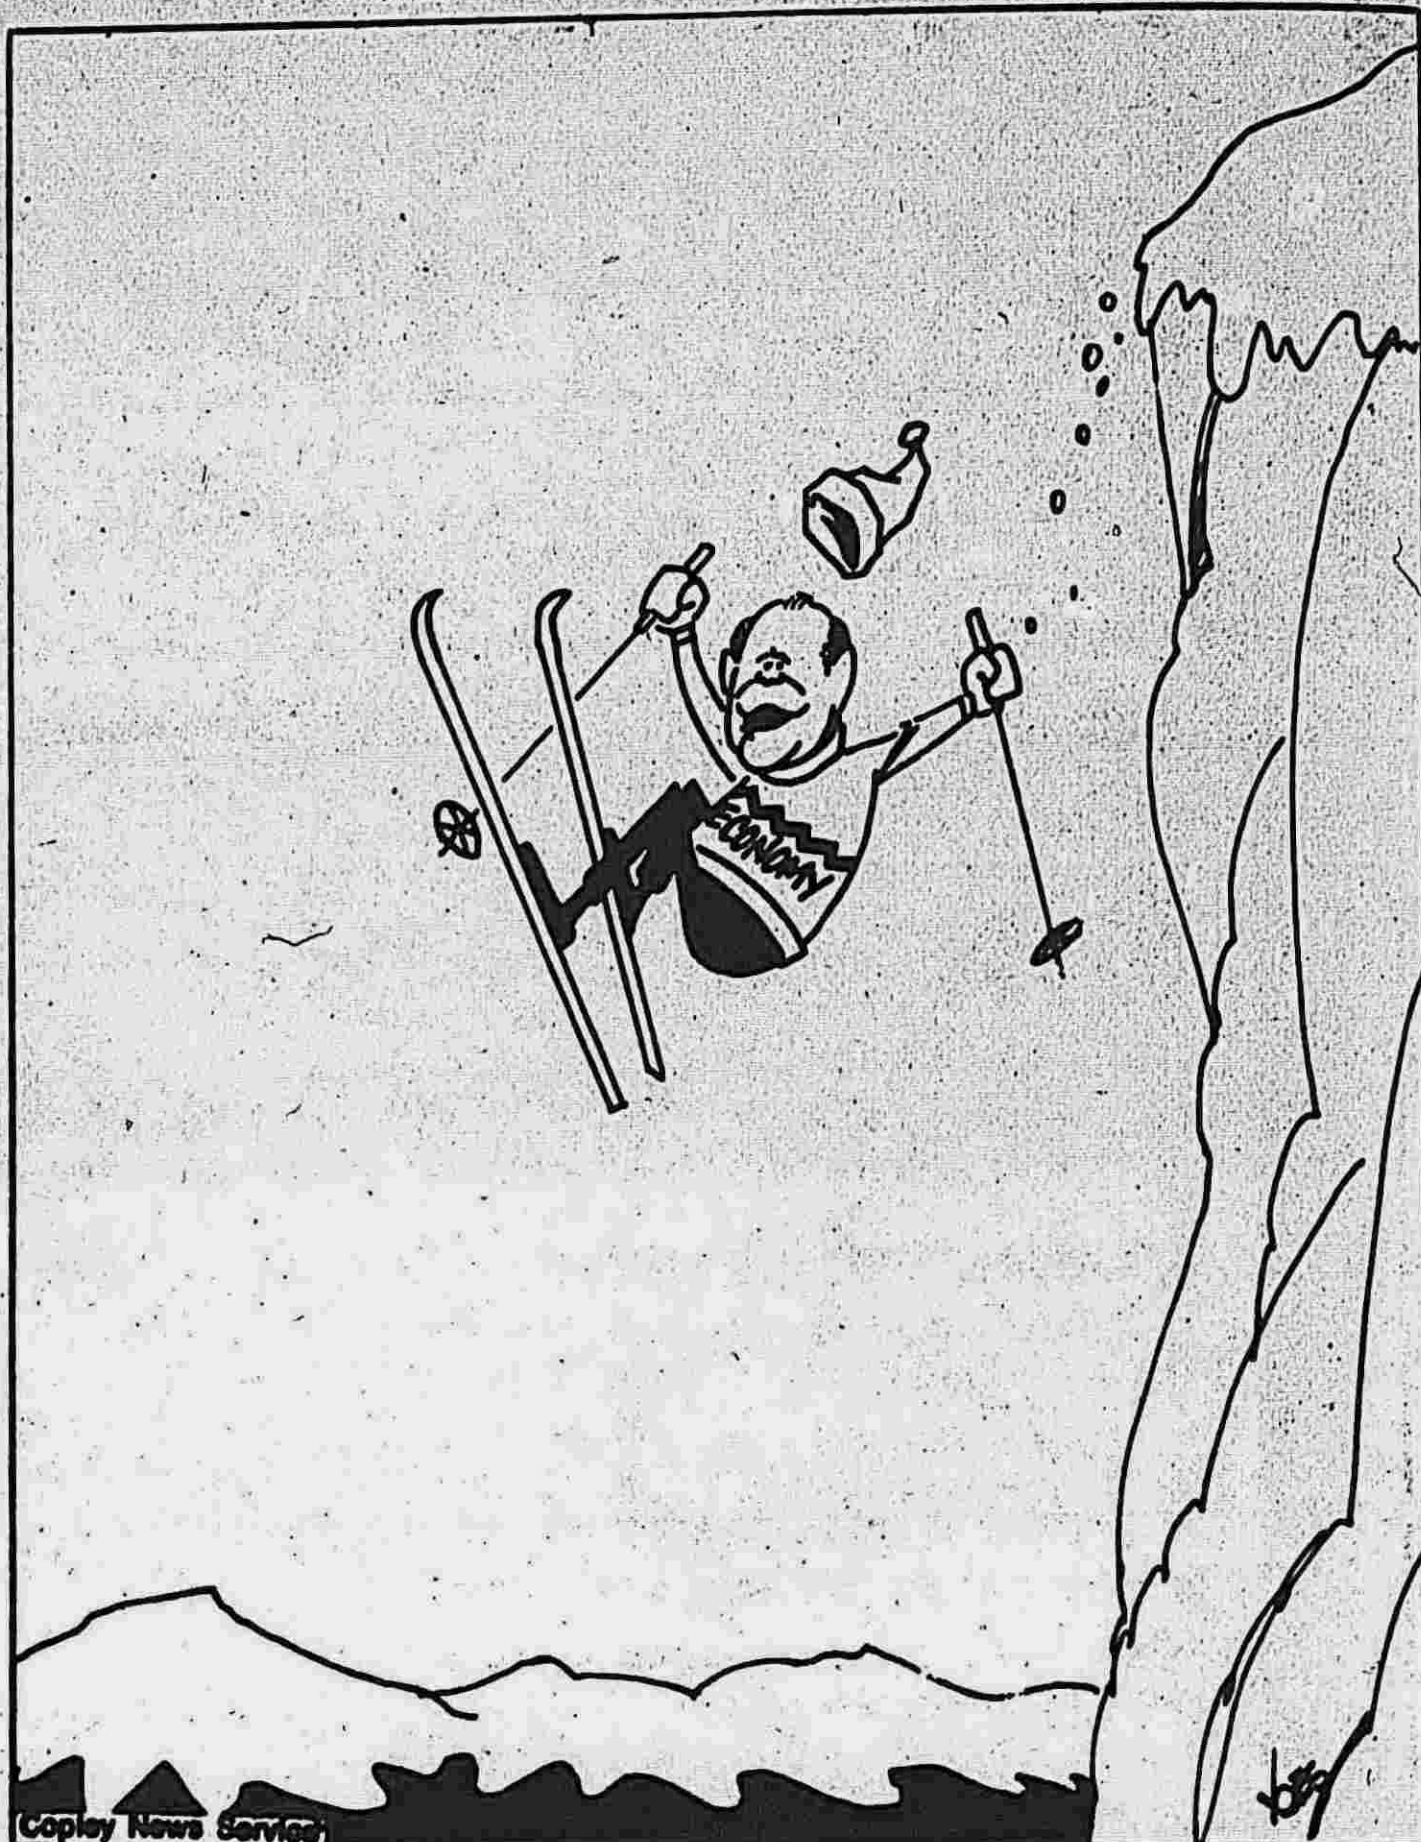

Scout Show Planned

Scouting units from the 51 communities which make up the Northeast Illinois council are expected to take part in this year's Scout Show, scheduled Saturday and Sunday, May 31 and June 1.

The 1975 show will be held at Lake County Fairgrounds, east of Grayslake, and at the Glenview Naval Air Station. Both locations will be open both days, and will feature demonstrations, exhibits and activities.

When two people agree on everything, one of them is doing all the thinking.

Congress Passes Bills Increasing Bureaucracy

By SEN. BARRY GOLDWATER

It might interest Americans to know that since 1962 more than 25 bills have passed the Congress calling for new regulations on the American people and American business.

They have increased the cost, the paperwork and the inflationary pressures throughout the nation.

But that's not all. The bills also have added immeasurably to the growth of the federal bureaucracy which already was so large it couldn't be precisely defined. The regulations have burdened many small businesses to the point of or into bankruptcy. They have placed the hand of the federal government ever deeper into the affairs of the American people.

STUDENTS OF government affairs talk of the "new regulators" as the operators of a new "managerial revolution" in America. The last such revolution was defined by Adolf Berle and G. C. Means in 1932 in a book entitled "The Modern Corporation and Private Property."

The Berle-Means revolution contended that the control of many large industrial corporations had passed from the hands of the owners into those of a small management group.

This time, according to experts, the shift is from professional management selected by a corporation's board of directors to the vast cadre of government regulators.

And the change is costing the consumer money.

FOR EXAMPLE, Environmental Protection Agency regulations increased the cost of every new passenger car in 1975 by approximately \$320. And by fiscal 1976 the federal regulatory agencies will have a work force exceeding 63,000 and costing the taxpayers \$2.2 billion.

And these costs, like every other federal program, represent only the "tip of the iceberg." The major cost will be shown later in the growing force of federal inspectors and regulators.

But the environmentalists in EPA are not the whole story by any means, although there is no doubt that they are striving mightily to create a bureaucratic empire.

AMONG THE new regulators is the Consumer Product Safety Commission (CPSC).

It has jurisdiction over more than 10,000 products and processes, and possesses the

How to add \$50,000 to your retirement savings without even trying

Wage earners who are not covered by a pension plan can now save tax-sheltered dollars toward their retirement.

The result? A build-up of your retirement savings by an extra \$40,000, \$50,000 . . . even more!

The Individual Retirement Account makes it possible . . . and we make it easy, with our Individual Retirement Savings Account—the IRSA.

You may save up to \$1500 or 15% of your wages, whichever is less, each year. For Federal income tax purposes, contributions to your IRSA are fully deductible from gross

income, and you may make this deduction even though you do not itemize other deductions.

The interest your savings earn is also tax-deferred until retirement, when your exemptions will be higher and your tax bracket lower. Compounding of the interest over the years generates *more* dollars, to build a retirement fund that is *tens of thousands of dollars more* than would be possible with taxed dollars. The table shows you just how much more you can accumulate.

The sooner you start the sooner you save tax dollars, so don't delay. Phone or stop in our office for complete information explaining the IRSA Plan Account today!

IRSA

HOW IRSA SAVINGS GROW COMPARED TO TAXABLE SAVINGS

Based on \$1,000 saved at the beginning of each year in a 7.50%, 4-Year Savings Certificate, with interest compounded daily. *

	SAVINGS IN IRSA PLAN (Taxes Deferred)		SAVINGS WITHOUT IRSA TAX BENEFIT (32% Tax Bracket)
	Amount You Have Deposited	Total You Have with Compound Interest Added	
After 5 years	\$ 5,000	\$ 6,296	\$ 3,979
After 10 years	10,000	15,458	9,131
After 15 years	15,000	28,787	15,798
After 20 years	20,000	48,180	24,428
After 25 years	25,000	76,396	35,599
After 30 years	30,000	117,447	50,057

Interest rates may vary from time to time, but should not substantially affect the Plan.

*A substantial penalty is required for early withdrawals from savings certificates.

Why an IRA Account at Antioch Savings?

Placing your IRA money in a savings account has distinct advantages. Your savings are insured - safe by an agency of the Federal Government to \$40,000.00. And you are assured of the steady, rewarding growth of your dollars, as you saw in the table. Because of its special advantages, we like to call this plan the IRSA - Individual Retirement Savings account.

St. Peter's Student Wins

Northern Illinois Gas Company has announced the names of the eight winning entries in its school poster contest, Project: N.I.C.E. (New Ideas to Conserve Energy).

Kitty Purfeerst of 222 Hickory, Antioch, was the local winner representing NI-Gas' Northwest Division.

The contest was open to all elementary schools in the

company's 35-county service area.

A third grader at St. Peter's School, Kitty's poster was one of eight selected from among nearly 3,000 entries received by the company.

Judged on creativity, neatness, message and originality, this year's contest enabled students in elementary grades 3, 4 and 5 to illustrate their ideas

on the conservation of energy through the popular medium of posters.

Kitty, along with the seven other NI-Gas division winners, will be honored at an awards dinner where each student will receive a \$25 cash prize.

Don't be afraid to take a big step. You can't cross a chasm in two small jumps.

IT'S ALMOST THAT TIME AGAIN -- The Antioch Aqua Center will be opening on Sunday, June 1 ... and that's only two and a half weeks away. This picture was taken last year as Ted White of 615 Highland Ave. sprang off the high board. Be sure to see the advertisement about the Aqua Center on page 15 of this issue.

Chamber's Art Fair Coming Up

The Antioch Chamber of Commerce's Art Fair is less than two months away.

The third annual fair will be held Sunday, July 6.

The committee feels that changes made for this year will make the fair an even bigger and better event than last year's. Businessmen will again have the opportunity to buy purchase awards.

All Antioch service organizations are invited to participate in the art fair. Contact the Chamber office for entry blanks.

The Chamber's Beautification Committee has decided to enclose the tree bases with railroad ties and then fill in with cedar chips. This should help alleviate the mud problem. Work will begin within a few weeks.

At its April meeting, the Chamber Board of Directors was asked to take a position on the annexation of the Santino development. (Rt. 59 & Grass Lake Rd.). Chamber members are indicating their feelings on questionnaires and returning them to the Chamber office.

Other Chamber of Commerce dates:

July 31 and Aug. 1-2 - Maxwell Street Days.

Aug. 21 - Midnight Madness.

'Church on the Hill' Marks First Decade

With chairs in the aisles and worshippers standing in the narthex Sunday, St. Stephen Lutheran Church members listened to their first pastor, the Rev. Wilton H. Anderson, remind them that glories of the past are no substitute for vitality in the present.

In May, 1965, the congregation formally organized at the Antioch High School where services were then being held.

In December, 1967, they occupied the present structure

at Hillside and Rt. 59. In May, 1969, Pastor Anderson left Antioch to pioneer the work now known as Christ Lutheran Church, Federal Way, Washington.

In September of that same year the Rev. Philip O. Laurin became the second pastor. The church is a member congregation of the Lutheran Church in America, having local headquarters at the offices of the Illinois Synod, Chicago. Services are held each Sunday at 9:30 a.m.

The Town Crier

Twice in recent weeks an Antioch News photographer was out taking pictures of youngsters and, while photographing a boy, he actually thought it was a girl.

If I had a son who was so easily mistaken for a girl, he'd get a short haircut so fast it would make his head spin.

OUR EXPERT on horses and women made another smart remark this week: Said he:

"It is better to have loved and lost ... much better."

THE ROTARY CLUB of Antioch has had some interesting speakers in recent weeks.

One of them was Jerome Stachniw of Highland Park, and he should be brought back to Antioch so we can hear the rest of his story.

Jerome (call him Jerry) grew up in the Soviet Union.

"I was a very devoted communist," he says, "and I hated your capitalistic hell ... I came to your hell, and now I hate the communist paradise."

"As a communist youth they told me how horrible you people are and I believed them," he said.

But he feels differently now. "If Karl Marx would rise today and see what is happening, he would die all over again," Jerry said.

He remembers living conditions in the Soviet Union:

"Seven or eight persons in one room. You take a bath every two or three months. At 5:30 in the morning you're marched to the field, hungry and barefoot. The people are assigned to work, but they simply pretend to work. The problem of the Soviet Union is there is no private enterprise. The people are starving. The Soviet Union is 50 years behind the United States."

"All doctors are federal employees," he said. "You have to get permission from your foreman to see a doctor. If your foreman says you look healthy ... boy, you're healthy. That's why socialized medicine scares me."

"I escaped Russia when I was

WITH ST. STEPHEN LUTHERAN, "The Church on the Hill," in the background, Pastor Philip O. Laurin (left) and his wife, Amy, welcome Rev. Wilton H. Anderson (right) and his wife, Carolyn. Rev. Anderson was St. Stephen's first pastor when the congregation was organized 10 years ago.

"When garbage can run generators and light up your living room, it's not garbage anymore."

"In fact, when we use garbage in one of our generators, we won't even call it garbage." Gene Bailey, engineer in charge of Commonwealth Edison's trash-burning project, turned from his desk for a moment, then swiveled back with a plastic bag full of strange-looking confetti.

"This is 'prepared refuse.' It's what's left of what you throw in your garbage can, after the city shreds it and extracts any metal that can be recycled."

In the trash-burning experiment worked out between Commonwealth Edison and the City of Chicago, garbage will be collected as usual.

Every day, a thousand tons of it will be shredded and filtered in the new \$14 million plant being constructed by the City of Chicago. It is there that just plain garbage becomes

"prepared refuse." Then, early every morning, 700 tons of last night's leftovers will be sent through an air tunnel at a mile a minute to Commonwealth Edison's Crawford Station, where it will be burned in a mixture

of 90% coal, 10% trash. This system is slated to start operation in the fall of 1975.

Mr. Bailey estimates that during each year of operation this project will save 100,000 tons of coal—enough to provide electricity for 45,000 homes. "And instead of ending up as hundreds of acres of landfill, the trash can be put to work as a fuel that meets and beats the standards set by the Environmental Protection Agency."

He put the plastic bag back in its place atop a stack of progress reports. "Some of my colleagues wonder how I can get so excited about burning trash. Well, it's simple. This program will make use of a plentiful resource, save our countryside, and cut down on pollution. I happen to think it's one of the finest things I've ever been involved in."

Conference Track Meet Here Next Week

Antioch High School and its new running track will be the scene of the Northwest Suburban Conference championships next Monday and Tuesday.

Athletes from the 10 conference schools will start performing at 4 p.m. each afternoon.

Coach Gerry Sandberg's Antioch team is one of the powers in the conference. The Sequoits have done extremely well in their several meets this season.

FOR ONE THING they topped all other conference schools in the May 3 Lake County Meet at Zion.

Antioch's star sprinter, Mike Jones, has run 100 yards in 10 seconds flat and placed in the county meet. He will be favored in the conference in both the 100 and the 220 and also could win the broad jump.

An Antioch junior, Mike Ware, has been surpassing 41 feet in the triple jump and ranks as one of the conference favorites.

Antioch made a strong showing last week before losing to North Chicago 71-70 in a non-league dual meet.

Mike Harland won the two-mile for Antioch and Kevin Walpole placed first in the mile in 4:39.

Bob Packard of Antioch won the high jump at 6 feet.

THE FOLLOWING day the Sequoits ran away from Round Lake by the ridiculous score of 133-8.

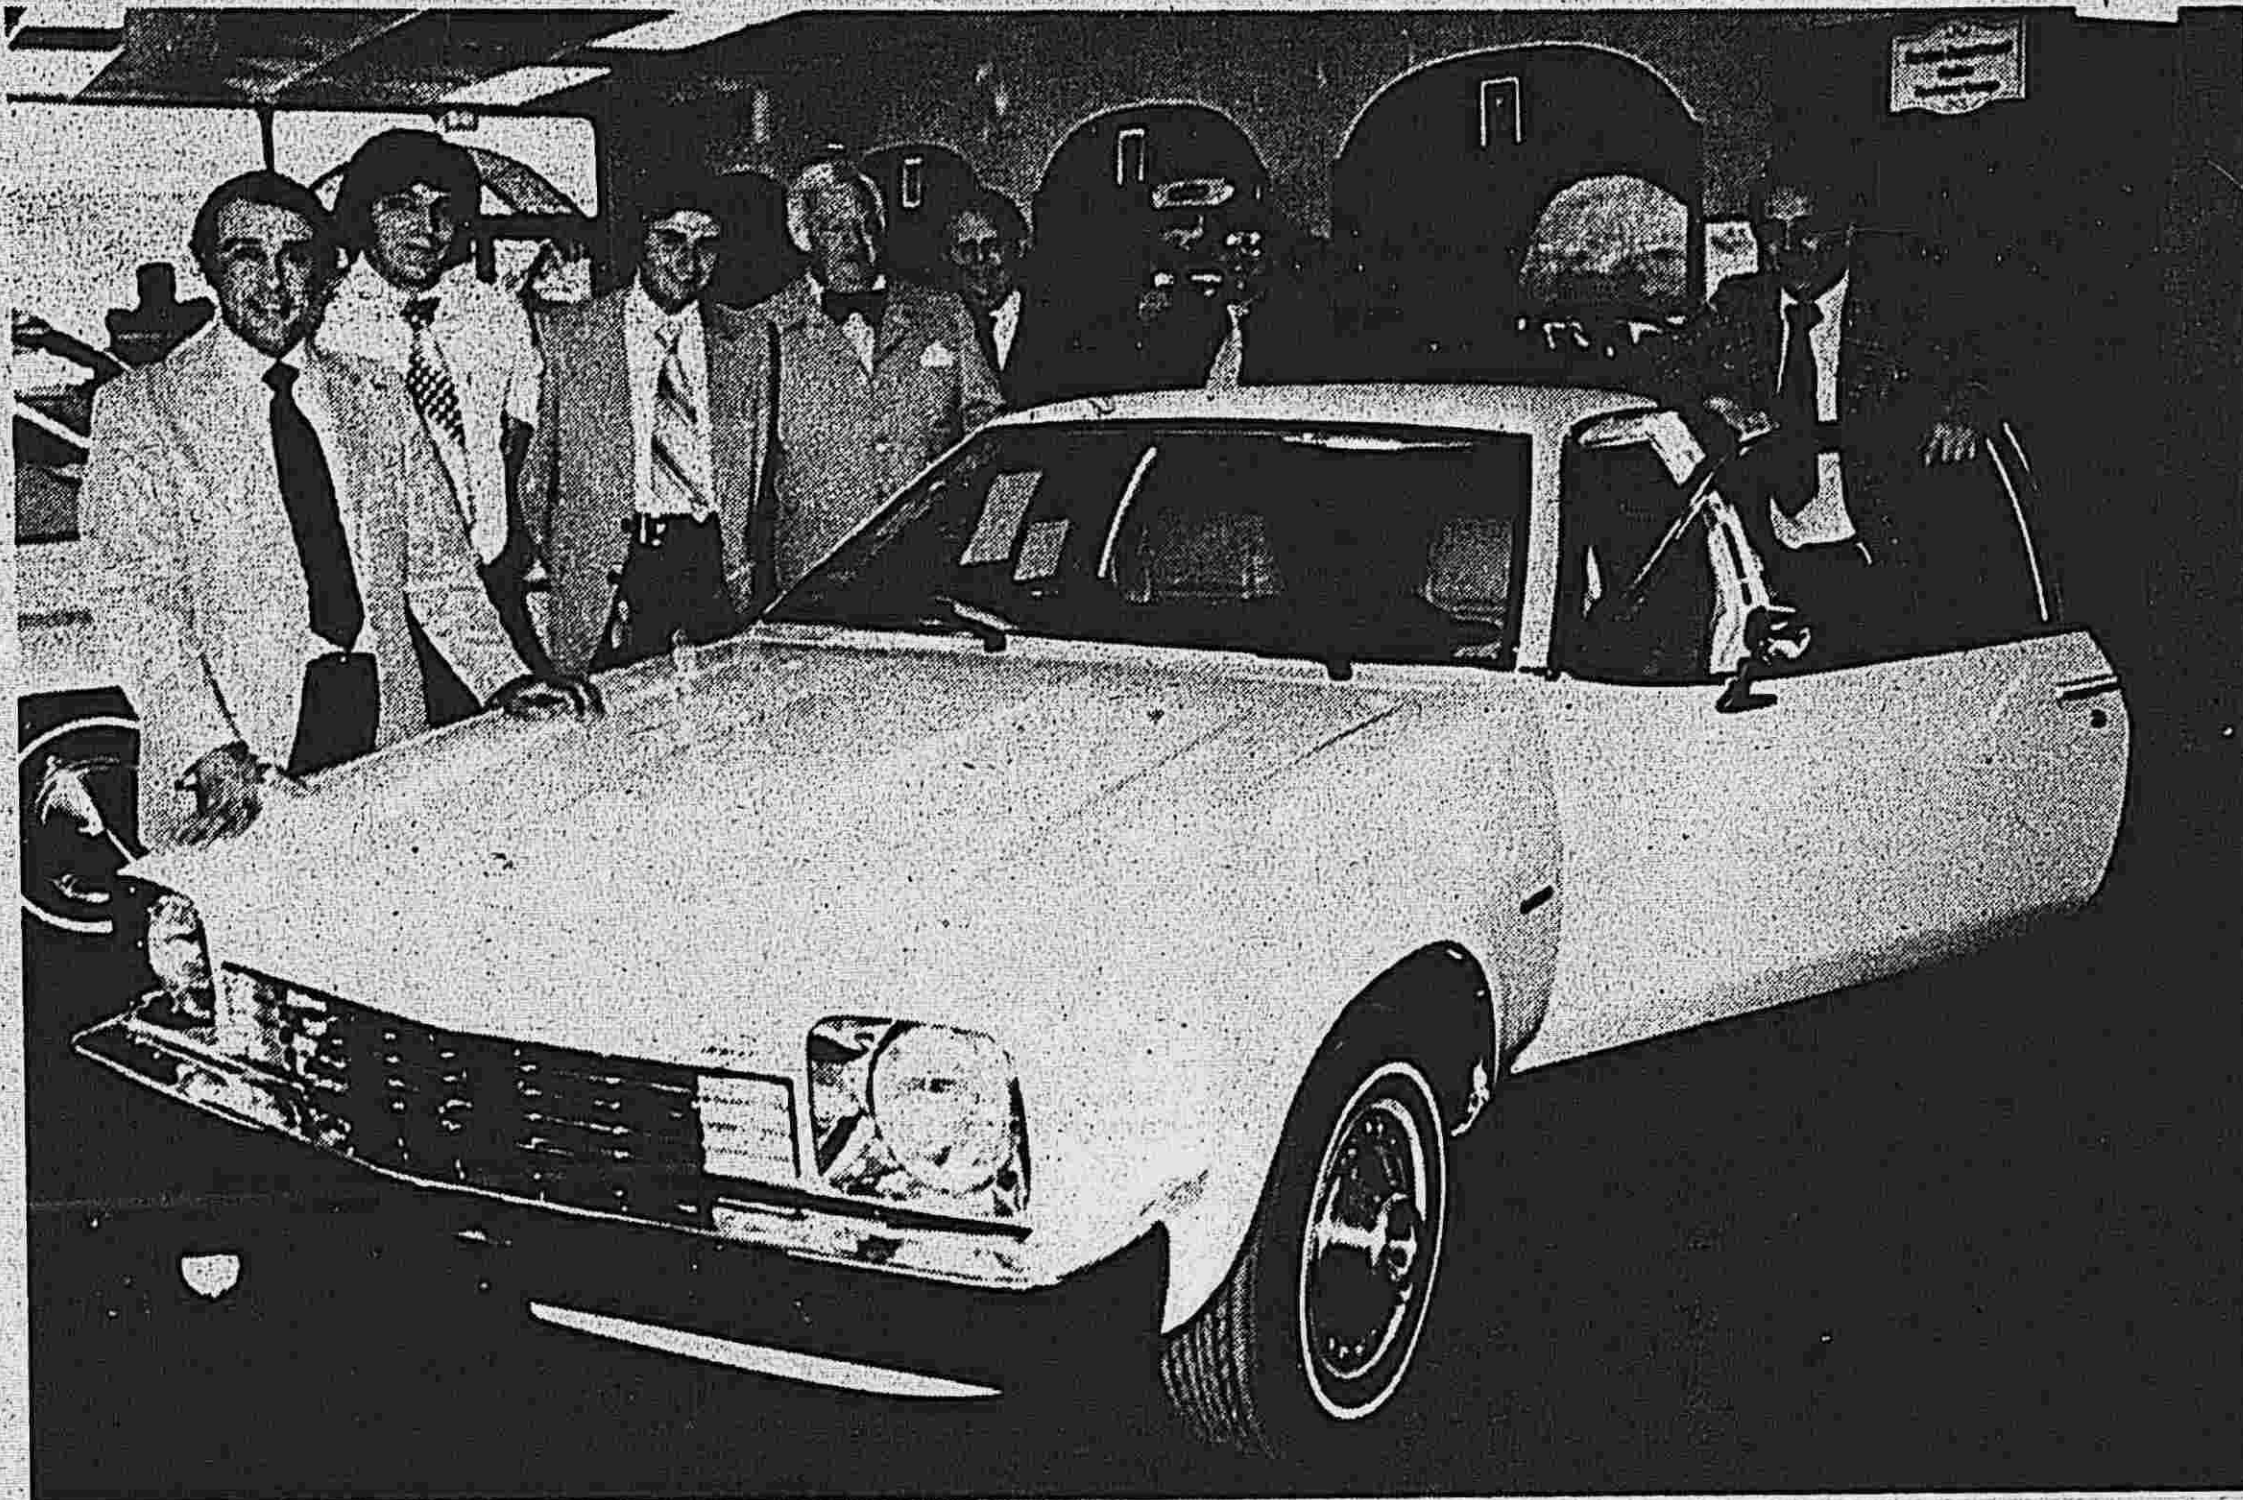

Harland won the two-mile again and came back to win the

half-mile in 2:05. Walpole ran first in the mile in 4:41 and Ware won the triple jump.

Dennis Pederson of Antioch won the shot put at 44 feet 2 inches.

Jones not only won the 100, the 220 and the broad jump, but he gave the 440 a try and won that race in 53.6.

Don Sherwood triumphed for Antioch in the low hurdles.

THE NEW CHEVROLET MONZA TOWNE COUPE was admired last weekend by members of the staff at John Teresi Chevrolet Oldsmobile. From left to right: Ray Scarpelli, Larry

Marinelli, Joe De Grado, Stanley Jaroch, Travis Young, Joe Vite and Jim Fields. The 4-cylinder economy car with bucket seats is an exciting addition to Chevy's Monza family.

Schuler Is Starring At Waukegan

Larry Schuler continued his climb to the Waukegan Speedway and Chicagoland Driving Championship (CDC) point leads as he cruised to his second straight 30-lap feature win on the Waukegan quarter-mile track Saturday.

The 22-year-old Schuler took the lead from Rick Kleich at the halfway point and was never headed. Kleich finished second, followed by George Dukas, Bob Dotter, Jerry Kemperman and Lee Schuler.

Earlier Rick Sundling provided the night's fireworks as he rode up-and-over the wheels of another car at the start of the trophy dash nearly rolling over. Dotter, also involved in the incident, replaced a tire and came back to win the 6-lap dash.

The first extra-lap event of the season will be run Sunday night, May 25, as the Carling Spring Championship will be contested at 50 laps.

LIGHT RAIN showers hit the Speedway Sunday night forcing the postponement of Mother's Day program of stock car racing. Rain checks will be honored this Saturday or Sunday night.

The scheduled match race between Bob Roper in a white Continental Mark IV and Bob Rasmussen in a green Corvette will be run Sunday night.

Also scheduled Sunday is the first in a series of "Beat-Your-Neighbor" races. In elimination type drag races on the oval track, two cars at a time will be lined up side-by-side and run one lap around the quarter-mile with the winner advancing.

Racing both nights will start at 8 p.m. with time trial runs 45 minutes earlier.

No place affords a more striking conviction of the vanity of human hopes than a public library.

Antioch Driver Wins Heat at Lake Geneva

LAKE GENEVA, Wis. - Al Schill of Franklin, Wis., drove his 1975 Camaro around Larry Hicks of Lake Geneva on the 23rd lap of the late model stock car feature at the Lake Geneva Raceway last Saturday night. Schill stole the chance for Hicks to be a repeat winner.

Fast-time qualifier Vern Browne of Libertyville finished third after starting last in the 16-car field.

Red Hutchinson of Beloit made his first race at the Lake Geneva Raceway a happy experience as he finished fourth in the feature and scored a win in a heat. Other heat winners were Jack Ester of Antioch, Dick Zickeret of Lake Mills and Gary Kreiger of Ft.

Atkinson, who also won the 15 lap semi-feature.

Roger Meyer of Lake Mills, scored a repeat of his previous week's clean sweep in the Sportsman stock car group while Bill Botter, Delevan, missed the Spectator group clean sweep with a poor finish in the feature after setting fast time and winning a heat. Bob Mack, Burlington, won the feature to make it two in a row for his Chevrolet.

Larry Hicks will still be the point leader as racing resumes this Saturday. Sunday night racing will start on May 25 at Lake Geneva with an All-Sportsman stock car show. Then, on Sunday night, June 1, the USAC midgets take over for

a full program.

Mel Kenyon, 1974 champion, has entered to defend his title.

The race will be just one week following his Indianapolis 500 competition.

Softball Meets Scheduled

Dug Out Park's next softball tournament will be in 12-inch slow-pitch on May 17 - 18.

It will be single elimination and there will be trophies for the top two teams with individual trophies for the

champs. For more information call Tom Furlan at 414-862-9136 after 3 p.m. The park is on Hwy. 83 two miles north of Antioch.

The next 16-inch tourney will be held May 31 and June 1.

Teen-Age Bowlers Receive Trophies

Seventy teen-age bowlers have finished an exciting season at Antioch Bowl.

Championships were decided (one of them after a close race and a roll-off) and the top bowlers and their sponsors were honored last week at a party at the lanes.

Jeannine Leonhart coordinated the leagues for Antioch Bowl's co-owners, Joe Sterbenz and Marty Padjen.

Twenty bowlers competed in the Majors, for boys and girls between the ages of 16 and 18. There were 50 bowlers in the Juniors, for ages 12 through 15. They competed on Saturday mornings.

The season's high series was a 606 by Jim Christiansen and the high game was 240 by Mike Cress - both in the Majors. The Juniors' high scores were Sue Fischer's 209 and Larry Bolton's 547.

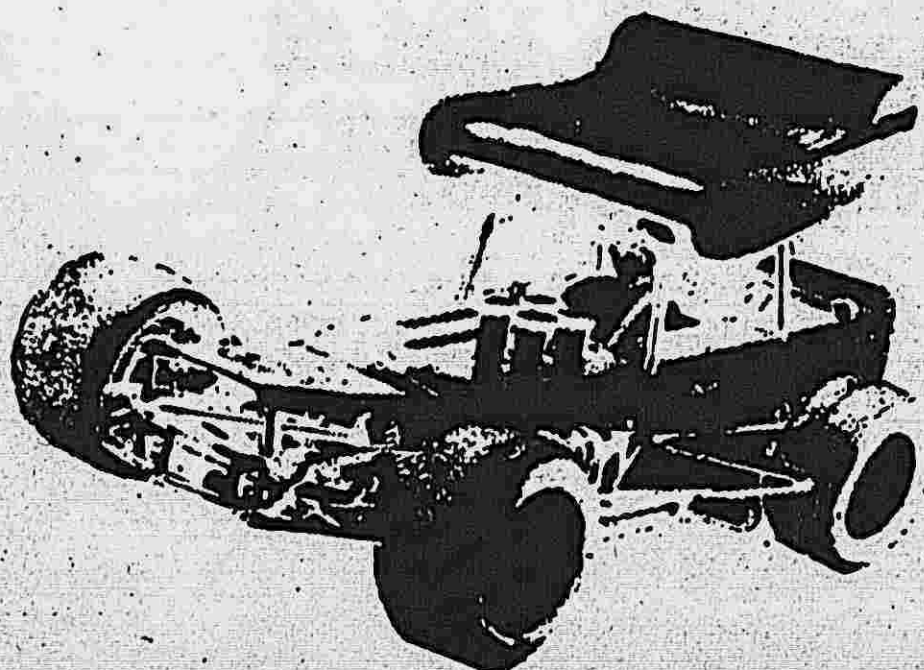

THE HIGH AVERAGES in the Junior League were held by Barb Quinn, who averaged 131, and Larry Bolton, 136. They received trophies from Joe Sterbenz, co-owner of Antioch Bowl.

FEATURING THE MIDWEST'S TOP DRIVERS
8 P.M. at the Fairgrounds - Wilmot, Wis.

CHAMPIONS in the Junior League were sponsored by the Antioch Police Department. Front row (from left): John Blue, Mike Hogan, Rick Pahlke, Rob Crowell and Tony Drazewski. Behind them are Police Chief Jack Wells, Valerie Baczynski, Stan Revell and Sue Sedivec.

Wild Night Of Racing At Wilmot

Stock car fans were treated to a wild night Saturday as a fast track and a large field of aggressive drivers combined to provide a program punctuated with spins, flips and multi-car mishaps on the third-mile clay oval at Wilmot, Wis.

The only serious mishap occurred during qualifying trials when the throttle on the super modified car of Jerry Reinhard of McHenry, stuck and the car hurdled through a guard rail and cyclone fence at full speed.

Reinhard escaped injury, but a 20-year-old woman of suburban Chicago suffered a broken collar bone and head injuries. She was a member of the pit crew of another driver.

Dick Colburn of Muskego, Wis., won the super modified feature after a hard-fought battle in which he took over the lead with only a few laps remaining in the 25-lap event.

Early in the race, Russ McFadden of Crystal Lake was taken out of action when his car was clipped and suffered a broken steering arm. Later, Bill Kojis of Milwaukee spun coming out of the third turn. And midway in the race, Jim Noulis of Johnsbury tangled with Bill Repsold of suburban Chicago and both spun out. Neither car was damaged but the mishap resulted in a yellow caution flag, enabling the field to bunch up on leader Ron Bergsma of Richmond.

In the sportsman feature, Duke Norton of Wonder Lake edged his brother Bud, of McHenry, on the final straightaway to win his second feature race of the young season.

Duke started on the inside in the sixth row and by the end of the third lap, he was running in

third position and displaying a daredevil driving style which included passing anywhere on

the track and taking slower cars on the inside, the outside, and even between two cars.

Most stunt men are specialists

HOLLYWOOD — Most movie stunt men specialize in a particular area, such as water routines, acts involving fire, high falls, fights, automobiles or horses.

Base pay for a day's work of routine falls can pay about \$172 while prices for special or difficult stunts are negotiated — turning a car over, for instance, can pay, at least \$1,500.

LEADING BOWLERS in the Major League were (from left): Tim Troyer, who won the "most improved" title; John Christiansen, who averaged 160; Joe Sterbenz, and Julie Gutowski, who averaged 154.

In 1934, an unknown football player named Snooks Dowd scored the longest touchdown run on record in a game between Lehigh University and Lafayette. His total run was 210 yards!

St. Peter's Celebrates 75th Anniversary on June 15

THEN AND NOW -- At the left is St. Peter's Catholic Church when it was a small frame building on Victoria St. At the right is today's parish. John Patrick Cody, Cardinal Archbishop of the Chicago Diocese, is scheduled to preside at a Solemn Mass at St. Peter's at 2 p.m. on Sunday, June 15, celebrating the parish's 75th anniversary. The present church and rectory were built in 1929 and 1930. St. Peter's

school is celebrating its 25th anniversary, administered by Sr. Virginia Stone, who has been principal for the past nine years. On June 15 the Cardinal, along with Pastor Francis Johnson and his associate, Father Melcher, will greet parishioners and friends of St. Peter's at a reception in the social center, following the 2 p.m. Mass.

ART FAIR WINNERS at St. Peter's school last week included second grader Sunday Smith (in photo at left) and Frank Moser, a third grader,

and Robbie Schwable, a fifth grader (in the photo at the right). Posing with Sunday was her teacher, Mrs. Joanne McManus.

Thirty-two million people were executed in Russia. They reduce you to the point where you conform just to stay alive."

JERRY STACHNIW disagrees with the saying, "I'd rather be Red than dead."

"Where are we going to put up a stand?" he asks. "Are we going to wait till they get to Kenosha and then worry?"

Hear ye!

Along the way with ANNIE MAE

Sure hope you had as nice a Mother's Day as I did. Now let me clue you in on something Moms -- after I opened my gifts my youngest son told me he was glancing at the calendar and coming up on Sunday, June 8 is "Children's Day." Funny thing I thought that was everyday!

State Farm agent, Dick Witt and his wife Judy have just returned from a week's visit to London, England courtesy of the State Farm Insurance Company. Dick won the trip as a result of outstanding sales production of the company's Life-Health-Fire insurance during 1974. The Witts have also visited Paris, France; Munich, Germany; and Madrid, Spain when Dick won previous trips. That's quite a reward for a job well done.

Ricky Apostol was the guest of honor at a belated baby shower last Friday evening given by Aileen Biel, Doris Kratz and Betty Smouse. Little Tricia will be the best dressed gal in town I'm sure.

CALLING ALL local members of the Antioch High School Class of 1955 -- the 20th reunion is coming up on June 21 and committee members are waiting for your response. Call Louise Gutowski, 395-1317 or Barb Dunham, 395-6467 pronto. Time's getting short!

For all of you whose lawn is bright yellow with those pesky spring flowers -- how about making some wine. We received a call from one of our readers who remembers a special recipe for dandelion wine in Annie Mae about seven or eight years ago and wondered if we still had it. We didn't have time

to trace back -- however, we know of an expert in Kenosha, Mr. Jerry Pfarr, Sr. of 912 40th Place who annually made the best wine in that city. All of his sons will attest to that!

Congrats also to Kitty Purfeerst, a third grader at St. Peter's school, was one of eight winners in the NI Gas School Poster Contest. The youngsters were asked to come up with some new ideas to conserve energy.

This Sunday Marguerite Albergo, Paul A. Albergo, and Heather A. Petty, all elementary education majors, Deborah Schoeder, art major and Marilyn Zimmerman and Nancy Glover, sociology majors will be graduated from Carthage College in Kenosha. Several other area young people will also be graduating from CLC this Friday evening where they have completed two years of study for various fields. Congrats everybody -- we wish you much success in the future and hope all your dreams come

true.

Scott M. Albright, son of Mrs. Lupe Albright of Antioch has been tapped for membership into the Midland Lutheran College Chapter of Blue Key, men's honorary society. Membership is based on scholastic ability and campus leadership.

Mr. and Mrs. Roy Nelson were guests at a banquet honoring their son Rick and 14 other students who were initiated into the Blue Key National Honorary Fraternity at Western Illinois University in Macomb, Ill.

Quite an honor for those young men. Congratulations to you both.

FOR ALL YOU Bingo lovers -- the VFW Post No. 2245 at 50 N. Seymour St. in Grayslake will have Bingo every Monday evening beginning at 7:30 p.m.

Congratulations to Lorraine Rentsch and Clarence Tornquist who tied the knot in an afternoon ceremony in the Methodist Church on Mother's Day.

Little Jennifer Jo Leonhart was baptized last Sunday morning at the Methodist

Church with her aunt Terri Leonhart and her uncle Bob Dowe as sponsors.

The Antioch Chapter of the Women of the Moose celebrated their 25th anniversary last Saturday evening with a lovely dinner dance. The lodge received several honors from the State and three charter members were on hand for the festivities.

We're glad to hear Alice Bessett is well on the mend after her automobile accident. Her family expects her home any day now and I'm sure there will be quite a welcome -- gets kinda tough when Mom is away.

BIRTHDAY congrats to Arlene Cramer on the 14th, to Eric Glover on the 16th, to Peter Kessler on the 17th.

Celebrating anniversaries this week are Shirley and Bernie Gutowski on the 14th, Lucille and Frank Kuechenmeister on the 18th and Jean and Gordon DeBoer on the 19th. Congrats you guys -- hope you have a happy day!

See ya,
Annie Mae

Woods Elected To Office In Banking Organization

LaVerne M. Woods, president of the First National Bank of Antioch, was elected Northern Illinois Regional vice-president of the Independent Community Banks in Illinois at the organization's annual meeting in Chicago.

The ICBI has 300 member banks throughout the state. The organization's purpose is "to preserve a healthy, competitive banking system in Illinois."

The ICBI opposes laws which

would allow big banks to gain control of community and neighborhood banking units through branching or multi-bank conglomerations.

At its annual meeting in Chicago's Palmer House, the ICBI reaffirmed its support for legislation in Illinois to study the problems and potentials of electronic banking, a concept which may result in an almost paperless, checkless financial system and which is being

experimented with in several states.

ICBI's greatest concerns are

with "protection of the individual's privacy and regulations which would insure adequate

proof of payments and deposits in any electronic banking system."

'Butterflies Are Free' Opens May 31

Now that it's spring, have you noticed any butterflies? Have you ever marvelled at their complete sense of freedom? Haven't you ever wished you could be like one?

This desire underlies the theme of PM&L's upcoming comedy production, "Butterflies are Free." The play concerns the efforts of a blind young man seeking to be free of his mother's apron strings and

of his lack of self-confidence.

The author, Leonard Gershe, has taken what would seem an unfunny situation and has created a tastefully delightful comedy.

In the role of Don, the blind young man, is College of Lake County student Bob Junius, whom some remember as the title character in CLC's winter production of "Tartuffe."

Helping him find his freedom

is the zany character, Jill, played by Lori Tull, also from CLC. Afraid to let him go is his mother, Betty Smouse. Rounding out the cast is Tom Hausman portraying the role of Ralph Austin, an "off-off" Broadway theatre director.

The play is being directed by veteran director Ken Smouse. Play dates are May 31, June 6, 7, 13 and 14. For reservations call 395-3055.

With family vacations just around the corner, here is a bit of good news. Commodore Cruises has just launched a 7-day "Affordable Family Cruise." To combat inflation, Commodore Cruise Lines has inaugurated a vacation for four at \$888.

In one stateroom, two adults and two children under 12 can enjoy a 7-day Caribbean cruise aboard either the Boheme or Bolero. This price includes all meals and ship-board activities. The only extra price you have is for shore excursions.

Covering the eastern Caribbean, the Boheme visits four ports: Puerto Rico, the Virgin Island, Haiti and the Dominican Republic. Heading for the western Caribbean, the Bolero visits Mexico, Jamaica and Haiti.

The family-cruise budget program is offered on the May 3rd cruises through the June 14th cruise and from the Sept. 1st through the Dec. 15th. Regular fares aboard the two ships are from \$330 to \$695 each, based upon double occupancy. So as you can see, their family package is quite a savings.

These cruises go out of Miami, Fla., every Saturday. For those of you who might be driving down to Florida for a family vacation, this could be a great addition. If you aren't driving down, remember there are several special airfares which can be worked along with the cruise to help make this an extra savings and still give you the privilege of stopping over in Disneyworld with your family.

For more details and infor-

mation, consult your local travel agent. Happy cruising.
